INTRODUCTION

The occasion of the Golden Jubilee of Franklin and Marshall College, was believed to be a fitting time to undertake the publication of a catalogue of officers and students from the foundation of the college in 1787 to the present time. The almost uniform enthusiasm with which assistance was given, whenever asked for by the Publishing Committee, justifies the belief that the time was well chosen for carrying the work to something like the completion aimed at. Without this enthusiastic assistance, this catalogue would have been impossible for the Committee, especially since the members reside so far away from the college and its records.

Even by the uninitiated it may be imagined that it is no small task to catalogue for the first time the officers and students of an institution that has had a life of more than a century, especially when such a catalogue involves the attempt to account for every man ever enrolled as a student. By the initiated only, however, can the full magnitude of the difficulties of such a task be appreciated. Future catalogues of this kind for Franklin and Marshall will require much less labor; and to make this labor as light as possible the Chairman of the Publishing Committee should be notified of errors in this catalogue. The first thing that should be done by those living is to look up their own names to see whether everything is correct, and in case of error to report it promptly. Permanent changes of address, as they may occur, should also be reported.

During the past year the Committee mailed at least two letters to every man here indicated as living, the second letter during April and May. The first letter was addressed with the full name and the degrees of each man, together with a statement that such was the form in which his name

and address would be printed, unless further definite information was received. When no notice of change was received and the letter was not returned by the post office department, the form of the name and address was assumed to be correct. Additional information received from other sources during the course of printing was tested in the same way and with paid reply postal cards. A star (*) is prefixed to the names of those students concerning whom no definite information was received, or those concerning whom all letters were returned unclaimed. Among those who have been students in recent years the home address, the one on entering college, has usually been taken as the more permanent one. When several different addresses were reported for one man, as frequently occurred, unless a definite response could be had from him, his home address was taken—but always tested. The permanent address was the one always sought.

In spite of persistent search the addresses of the following four graduates have never been found:

J. C. Williamson, B. L., 1839.

Rev. Enoch W. Skinner, A. M., 1843.

John Z. Heiner, 1854.

D. Ralph Luckenbill, 1871.

During the last few years the addresses of the following seven have been lost. They were formerly found at the addresses given below:

Edwin B. Wiegand, Esq., 1874, formerly at Reading, Pa.

Daniel G. Guldin, Esq., 1876, formerly at Oley, Pa.

Elmer J. Smith, Esq., 1882, formerly at Harrisburg, Pa.

Edwin Sassaman, Esq., 1884, formerly at Reading, Pa.

Clarence H. Clark, 1885, formerly at Omaha, Neb.

Masateka Yamanaka, 1885, formerly at Yamaguchi, Japan.

Carl W. Plank, 1894, formerly at East Orange, N. J.

All of the above wants, as well as others, and those non-graduates whose names are prefixed by stars, have been published during the last few months in the columns of the

Reformed Church Messenger, the *Reformed Church Record,* the *F. & M. Weekly,* and, some of them, in the *College Student.* To the editors of these publications the Committee is under many obligations for so freely granting the use of their columns whenever desired.

Inasmuch as nearly all graduates of the college received the A. B. degree on graduation, that degree is omitted for graduates. When those in the list of non-graduates graduated from another college the A. B. degree is given. Graduates of the Marshall College Law School received the degree of B. L. and are so indicated. Graduates of other law schools received the degree of LL. B. and are so indicated. Others admitted to the bar are denoted by Esq. Those who received the degree of Ph. B. on graduation are so indicated. In every instance where the terminal year is 1903, it refers to persons now holding the respective positions, or, in the case of students, to the undergraduates now in college.

The address on *entering* college is printed in *italics* for the Franklin students and non-graduate students who have died; likewise for those concerning whom nothing definite has been learned. In the list of Franklin students and in the list of non-graduate students all known addresses of living men are printed in Roman.

The geographical distribution of all living graduates and non-graduates and of those officially identified with the college at the present time, is summarized in the Geographical Index. Explanatory notes are prefixed to the several lists.

It is impossible for the Committee here to name the hundreds of persons who have assisted them in the preparation of this catalogue. The work of the following, however, deserves a word of special mention.

Mr. Clayton H. Ranck, Lancaster, Pa., next to the members of the Committee, has done more work for this catalogue than any one else. He went through the minutes of the Board of Trustees of Franklin College and prepared the

list of Franklin College trustees and their officers practically as here published. He also made up the list of trustees, and their officers, of Marshall College and of Franklin and Marshall College, in addition to the Faculty lists of these two institutions, from the catalogues of the college in the possession of Professor Dubbs. He went through the Matriculation Books and other college records for names of students that were omitted from the college catalogues—a considerable number of which he found in this way. He also prepared the list of matriculates in the Classical Institution of the German Reformed Church and consulted all available commencement programmes, newspaper files, etc., to get the dates of commencement and the honors assigned at graduation for both Marshall College and Franklin and Marshall College. In addition to all this, he secured definite information concerning a large number of the students of Franklin College and of the non-graduates of Marshall and of Franklin and Marshall, besides many other things of minor importance, though none the less time-consuming.

Mr. Daniel H. Heitshu and Mr. Frank A. Diffenderffer, both of Lancaster, contributed much information concerning the students of Franklin College. Mr. Diffenderffer also assisted greatly in supplying definite information concerning a large number of the non-graduates of Marshall College, the Preparatory Department of which he entered as a student in 1849. David McCulloh, Esq., of Peoria, Ill., Rev. E. R. Eschbach, D. D., of Frederick, Md., E. J. Bonbrake, Esq., of Chambersburg, Pa., and Mr. Peter W. Shafer, of Middletown, Md., all contributed much concerning the non-graduates of Marshall College, Mr. McCulloh's assistance being especially valuable for the men who settled west of the Alleghany mountains.

Most of the Historians or the Acting Historians of the classes since 1853 also contributed information for the men of their respective classes, and to these men proofs for their classes, including the non-graduates connected with them, were submitted. The names of these historians are printed

at the head of the list of graduates for each year. Rev. A. C. Whitmer, of Lancaster, historian of the class of 1859, also furnished much definite information on the non-graduates of Franklin and Marshall College.

Mr. E. S. Lamar, a student in the Theological Seminary at Lancaster, read the proofs and examined the records with special reference to members of the Diagnothian Literary Society, and Mr. Paul B. Rupp, one of the active members, for the Goethean Literary Society.

The following men furnished the data for their respective fraternities and (excepting Mr. Black) read the proofs with reference to them: Mr. Norman Huffman, Phi Kappa Sigma; Theodore B. Appel, M. D., Chi Phi; Mr. B. K. Hay, Phi Kappa Psi; Rev. C. W. Levan, Delta Tau Delta; and Mr. B. A. Black, Phi Sigma Kappa.

The data concerning the men who received honorary degrees was largely the work of Rev. C. W. Levan of the Committee. Professor Joseph H. Dubbs, Corresponding Secretary of the Board of Trustees, contributed the list of men who received degrees for post graduate work and those who received honorary degrees since 1887.

Rev. E. R. Deatrick, of Woodberry, Baltimore, and Prof. George F. Mull, of Lancaster, contributed most of the data concerning the graduates of Mercersburg College.

Rev. D. W. Gerhard, of Lancaster, the Secretary of the Alumni Association for more than a quarter of a century, contributed the charter of the Alumni Association and the officers, etc., from 1840 to the present time. Rev. Dr. James Crawford, of Philadelphia, contributed the data for the Philadelphia Alumni Association, J. H. Byrne, Esq., for the Lancaster Association, and Rev. T. W. Dickert, of Reading, for the Eastern Alumni Association.

In the reading of the proofs the Committee has been greatly assisted by Mrs. Samuel H. Ranck.

A statistical summary is included in this introduction as a matter of some interest.

STUDENTS

LIST OF STUDENTS IN FRANKLIN COLLEGE.

1787-1853.

NOTE.—Only two catalogues of Franklin College were published containing the names of the students, one for 1787-88 and the other for 1848. The other names have been added from all available sources. Nothing has been learned concerning all persons whose name is prefixed by a star (*). Further information is desired.

1787-88.

ENGLISH DEPARTMENT.

NOTE.—The records of the German Department appear to be no longer extant. This is to be especially regretted, inasmuch as the advanced students and those not residents of Lancaster were generally connected with the latter department.

GRADUATES OF MARSHALL AND OF FRANKLIN AND MARSHALL COLLEGE.

NOTE.—In this list the day on which Commencement fell each year is indicated in parentheses. The Literary Society affiliation of each man is indicated in brackets—G., Goethean, and D., Diagnothian. The honors on graduation, taken from Commencement programmes as far as possible, are also given in brackets. For a number of years it was the custom at Commencement to have two sessions of the exercises, morning and afternoon. Sometimes the same honor was divided between two men, one speaking in the morning and the other in the afternoon. This is indicated by a. m. and p. m. Fraternity affiliations are also included within the brackets, but only for fraternities having chapters at the College. The date of death and the reference to the Obituary Record are given as in the List of Graduates, published in 1900.

NON-GRADUATES OF MARSHALL AND OF FRANKLIN AND MARSHALL COLLEGE.

NOTE.—The years in attendance at college are given in brackets. Unless otherwise indicated the class on entering is the Freshman class. So., J., Se., or Sp. preceding the years in brackets indicate that the class on entering was either Sophomore, Junior, or Senior, or that a special course was pursued. If for any reason more than one college year was spent in any class that fact is indicated by repeating the proper designation for the second year. The fact is also indicated if a man omitted a class, by passing, for example, directly from the Sophomore to the Senior class. The College year is meant in every instance. A man entering in January, 1838, would be in the catalogue for the year 1837-38, and in this list he is considered as having entered in 1837. Literary society and fraternity affiliations are indicated as in the list of graduates.

MARSHALL COLLEGE.

Entered in 1836.

(The list of men entering in 1836 has not been found. The following names, however, are found in the Matriculation Book of the Classical Institution of the German Reformed Church, and also in the list of men entering in 1837, where they appear as being in the Sophomore or Senior class. It has therefore been deemed safe to assume that these men entered Marshall College in 1836.)

This committee shall also supervise the election of members to the Advisory Council, with power to appoint a committee of tellers or other necessary sub-committees, provided that the name of no member of the Committee of Tellers shall be on the ballot. It shall provide, in the election of members to this Council, for the nomination of members by mailing a nominating blank to each member of the Association, stating the date when nominations shall close and giving the name and address of the person to whom the nominations shall be sent; and it shall select from the eligible persons receiving the highest number of votes twice as many as are to be elected.
